Our 15th

# Gower Yomp 2023

30th September

## Join our 5 or 10 mile Gower Yomp and raise vital funds for Nsobe Community School in rural Zambia.

On 30th September, Teacher Aid and their loyal supporters will be walking a 10 -mile circular walk of the Gower Peninsula, with a 5 mile option, the UK's first Area of Outstanding Beauty. A rich and varied landscape of natural beauty the walk will be full of wild moors, dramatic limestone cliffs, golden sandy beaches and captivating coastlines. What a beautiful way to spend your weekend while fundraising vital funds for an incredible cause! If you would like to take part, please contact Maggie Beecher for further details on 07974 809048.

Walk map details will be available closer to the event.

"Thanks to Teacher Aid's support Nsobe Community School continues to grow and develop with our enrolment for 2023 at 650 students with 34 dedicated teachers plus support staff. Our results are top in our district, which is unheard of for a remote rural school. Developing and caring for the whole child, Nsobe School runs a daily feeding scheme, offers sports, clubs, computers, guidance, early years development, and vocational skills training. We have a Safe House for vulnerable girls to enable them to complete school in a nurturing environment and gain an educated control over their futures. We offer a Christ-Centered quality education, preparing pupils not only for jobs, but for life."

### Key details

- Circular Walk from Rhossili starts 10am
- Reserved parking at Worms Head SA3 1PN
- Free BBQ at Maggie's 29/09
- No fee to join the Yomp
- 100% of donations go to the cause

Nsobe community School Founder Fiona Tomlinson and Maggie Beecher with the children. Teacher Aid sponsorship is helping to go to school to help follow their dreams!

FUNDRAISE NOW

“Our heart is to educate, support and care for the vulnerable remote rural children in our surrounding villages. Our community relies on subsistence farming to support themselves and their families. No one in the villages has access to electricity, running water or flush toilets. Food is cooked outside over an open fire, for which firewood has to be cut and hauled. Household and cooking water is carried distances from streams, hand dug wells or from the school’s borehole.

We feed all our students every school day, and often this may be the only meal they get, and almost certainly the only protein. We are struggling to find the funds to feed our students adequately as the school and its numbers have grown significantly and the original feeding scheme support pledged was meant to feed 300 children twice a week and we now have 650 to feed daily. The food provided is a great motivating factor for the children to come to school.

We hope that this year’s Gower Yomp can fundraise to help us support our school children’s nutrition care.”

WATCH NOW

Teacher Aid are changing lives and building a better future for vulnerable children through life-changing education in rural Zambia.

Remote rural families in Sub-Saharan Africa are unable to access and afford to send their children to school and traditional/cultural prejudices mean girls are encouraged into child marriages rather than attending school. For most children a quality education that we take for granted is not achievable, many children cannot even read or write on completing primary school, and so the cycle of poverty, hopelessness and unemployment continues.

With your help and sponsorship we can ensure we break this cycle by supporting a child to attend Nsoke community school. Your sponsorship will cover a portion of a teacher’s salary, attendance fees, provide them a daily nutritious meal, a uniform, stationery and text books.
